	HURLEN CONSTRUCTION COMPANY
FAX NUMBER:	206-762-1854
SUBJECT:	Record of hazardous materials removal—Hurlen Rental Property

MESSAGE: As you are aware, Hurlen Construction Company recently received an EPA letter requesting documentation that final soils testing had been completed after you had underground tanks removed from the 700 South Riverside Drive location (several years ago—prior to our purchase of H.C.C.). As discussed, you told us that the yard had been tested and is free of hazardous materials. Further, you would find documentation and respond to the EPA's request. We would appreciate a copy of your correspondence in case the EPA attempts to contact us in the future.
